## PLAN MONSTER MASS MEETINGS

"Drys" Will Close the Local Option  
Campaign Sunday in a Blaze of  
Glory With Two Gatherings.

**BOTH AT CHRISTIAN CHURCH**  
Judge Blair in the Evening and James  
E. Watson and Other Local  
Men in Afternoon.

That the "drys" expect to close the local option campaign in a blaze of glory is evidenced by the fact that two monster mass meetings will be held next Sunday, which is just one day before the election, to decide whether or not the saloons shall return to Rushville, will be held. In the afternoon at 2:30 o'clock a "personal experience" meeting will be held at the Main Street Christian church, in which prominent local men will participate. In the evening at seven o'clock Judge Blair of West Union, Adams county, Ohio, will talk on the temperance question. Harry Lucas' orchestra will furnish music at one meeting, while A. P. Wagoner's orchestra will play at the other. The singing will be led by well known local musicians and a very enthusiastic meeting is anticipated. It is not a men's meeting, but a meeting for everyone, men, women and children.

Arrangements have been completed for the "personal experience" meeting at which James E. Watson, former congressman and candidate for governor at the last election will be the chief speaker. B. F. Miller will preside. It is expected that the afternoon session will attract a large audience which will test the seating capacity of the spacious Main Street Christian church, which furnished the largest auditorium in the city. Among other local speakers who will talk at the meeting are: Will M. Sparks, ex-judge of the Rush circuit court; the Rev. John B. Meacham, pastor of the First Presbyterian church; the Rev. W. W. Sniff of Paris, Ill. former pastor of the Main Street Christian church; the Rev. E. C. Myers, pastor of the First Baptist church; the Rev. A. W. Jamieson, pastor of the United Presbyterian church, and possibly other local men, prominent in public life.

In the evening the big meeting of the day will be held at the same church, when Judge Blair, the jurist who made for himself a national reputation in his recent merciless prosecution and conviction of vote-buyers and vote-sellers, will speak on the temperance question. He is well prepared to defend the temperance cause as he has been in other local option fights and has had experience in that particular cause. He will speak to a mass meeting at the Auditorium opera house in Connersville on Sunday afternoon before coming here in the evening.

Judge Blair's reputation is nation wide. Before he came into the limelight by his late official action in disfranchising half the voters of Adams county he was prominent as an advocate of local option and of temperance. His oratorical powers are widely recognized and his strength of utterance is said to be remarkable. The "dry" champions consider themselves fortunate indeed in obtaining him.

It was expected that the "drys" would distribute the badges, made of white ribbon bearing the inscription, "Vote Yes For Me" on them, among the school children today and tomorrow. That same plan was used very effectively in the campaign two years ago and aroused much sentiment for the temperance cause.

Plans are made for election day,

when it is hoped to arouse all of the sentiment for the "drys" that is possible. The bells in all of the churches of the city will be rung each hour during the day. Carriages will be operated by the "drys" in order to get out the vote and the city will take on the appearance of a "regular" election day.

## GRAND JURY WILL PROBE

Hancock County Body to be Called  
to Investigate Robberies.

It was expected that the Hancock county grand jury would be called together in Greenfield today to probe into the statement of Vance Deery in Indianapolis, while on the witness stand, relating the details of robberies committed by himself and Cordia Martin each convicted of robbing the New Palestine bank, and by Dan Williams, who will be released. It is understood that the grand jury there will attempt to learn something of the burglaries which were said to have been committed there and at Knightstown, in which Dan Williams is said to have been implicated.

## FILLS VACANCY AT MORRISTOWN

President Taft Appoints John Bennett Postmaster After a Long  
Drawn-out Fight For Plum.

## THERE ARE EIGHT CANDIDATES

The President, on Representative Barnard's recommendation, has settled two hotly contested cases in the Sixth district, by appointing John Bennett postmaster of Morristown and Effie E. Smith, postmistress of Centerville, according to dispatches from Washington.

The announcement brings to an end one of the bitterest and hottest fights over a political plum ever waged. The Morristown postoffice was recently placed in the class which allows the postmaster \$1,100 per year, and there were eight candidates after the position. Mr. Bennett is a capable young bachelor of thirty-one years. For a number of years he was employed as a bookkeeper at the Morristown creamery. Mr. Bennett has not decided who he will appoint as his deputy as yet.

The President also appointed Effie E. Smith as postmistress of Centerville upon Barnard's recommendation. Congressman Barnard had considerable difficulty in making up his mind on these two offices and the appointments had long since fell due.

## FINED IN SQUIRE'S COURT

Charles Sorrell Pleaded Guilty to  
Assault and Battery.

Charles Sorrell was arraigned before Squire Kratzer this morning and pleaded guilty to the charge of assault and battery on Eugene Williams, colored, and was fined one dollar and costs, amounting to \$9.75. Sorrell resented something that Williams had said to him and struck him in the face. At first Sorrell pleaded not guilty, but later changed his mind and decided he was guilty.

## BITTEN BY DOG.

Norman Reed, son of Mrs. W. H. Wolcott, while playing with a dog today was bitten in the face. It is thought no serious complications will arise.

## TO MAKE SIXTH SAFE FOR FUTURE

Legislature Committee Decides to Di-  
vorce Decatur and Add Three  
Townships in Marion County.

## JOHNSON COUNTY IS SWITCHED

Finly Gray Wins Point When he Ap-  
pears Before Legislators--Dan-  
gerous "Gerrymander" Feared.

Lawrence, Warren and Franklin townships of Marion county will be sliced from the Seventh Congressional district and placed in the Sixth, if the plans of the House and Senate Congressional Apportionment Committees, made last night in Indianapolis are finally adopted by both branches of the General Assembly. Representative Finly H. Gray and his brother, George L. Gray of Connersville, appeared before the two committees at a meeting at the Denison Hotel to protest against any change in that district that would reduce the Democratic majority, and as a result of the request the committee voted to give the Sixth district the three Marion county townships. In addition to this the Sixth district will fall heir to Johnson county, which is Democratic, and which will be taken from the Fourth district to help swell the Democratic majority in the Sixth.

In exchange for Johnson county the committee voted to take Decatur county from the Sixth and place it in the Fourth.

The removal of the three Marion county townships from the Seventh to the Sixth district will mean more than 600 additional Democratic votes for that district. The removal of Decatur county from the Sixth district and the acquisition of Johnson county to that district, will make the district pretty thoroughly Democratic. The Gray brothers, it was said after the meeting, were highly pleased with the changes and went away smiling.

The plan adopted last night is very similar to the Sixth district which was formulated by Democratic legislators a few weeks ago, when the question as to how many congressmen Indiana should have was an open one. Then it was decided that Decatur county should be divorced and the townships in Marion county added, but Johnson county was not to become a new member.

There has been considerable talk in the Indianapolis papers to the effect that the Democratic legislature planned to "gerrymander" Finly Gray out of a chance for re-election. It has been generally understood that Gray was not living up to the ideals of the Democratic party, that he was a reactionary or an insurgent Democrat. In a recent public statement, the congressman-elect declared he could see little difference between the reactionary Democrat and the reactionary Republican, and that during his two years of service he would represent his constituency regardless of party lines. This is said to have been very offensive to many old Jeffersonian Democrats and was given as the reason for the attempt to defeat him in the next election.

## UPHOLDS SUNDAY BALL.

The supreme court in Indianapolis today decided the Sunday baseball case holding constitutional the law which exempts baseball from the list of things not permitted on Sunday. The decision permits Sunday baseball in Indiana.

## WAS TOO DRUNK FOR HIS TRIAL

Greely Ferguson Pleaded Not Guilty  
in Mayor's Court and Then  
Got "Tight."

## WILL BE HEARD TOMORROW

Was Fined Once Before For Same  
Offense--Found This Morning  
About One O'Clock.

Greely Ferguson was arrested this morning about 1 o'clock by Night Policeman Thomas Scanlan, charged with public intoxication. Greely was found by the policeman at the foot of the stairs leading to his tailor shop in Main street. He claimed the key to his shop was lost and gave this as his reason for being found where he was.

When brought before Mayor Black this morning Ferguson entered a plea of not guilty, to the surprise of the officers. He was released on \$100 bond and his trial set for two o'clock this afternoon.

The court waited about fifteen minutes for Greely to put in an appearance and finally Policeman Wolters went out to search for him. He was located in a barber shop, about half asleep, and apparently had forgotten about his trial.

It was evident that Ferguson had been drinking since his release in the morning as he was almost staggering drunk. George Young, who had been retained to defend Greely, asked for a change of venue from the mayor's court and asked Greely if he could write his name. When handed a pen with which to sign the papers, Ferguson was so near gone that he could not even make a mark and as a result was sent to jail to sober up and his trial set for two o'clock tomorrow afternoon.

When asked where he secured his whiskey, he said that it came from Indianapolis and that he had obtained only a half pint. This makes Ferguson's second offense and the fine in this case is very heavy. In the first offense it will be remembered he was fined \$25 and costs, which he paid.

Ferguson, who is very deaf, presented a very pitiable sight and did not seem to realize what was going on about him. He insisted on a change of venue from the mayor's court because he thought he could not get justice. It is believed he did lose the key to his place of business, but the officers say he was drunk nevertheless. The mayor took pity on Greely and ordered him to be taken to jail as he was in no condition to stand trial.

## FELL FROM TOP OF LADDER

ful Accident.

Patrick Gilligan met with a very painful accident yesterday which sprained his shoulder and arm. Mr. Gilligan was doing some plumbing work in one of the Guffin houses in North Morgan street and fell from the top of a step ladder. The weight of his body fell on one arm causing a very bad sprain.

## TO TAKE CHARGE OF JERSEY HERD

Daniel Drake Goes to New York to  
Look After A. P. Walker's  
Fancy Cattle.

## TO BE IN QUARANTINE 30 DAYS

Daniel G. Drake left today for New York City, where he will take charge of A. P. Walker's herd of Jersey cattle, imported from the Jersey Isle, and remain with them while they are in quarantine there and bring them on to this city. The cattle are expected to arrive in a few days and will be held in New York for thirty days by the authorities to make sure that they will not spread any disease among the cattle of the United States. Mr. Walker imports a large herd each year for the Jersey Isle stock farm west of the city, where he holds an auction each year that attracts Jersey cattle fanciers from the far corners of the United States. Mr. Walker has come to be a recognized authority on that brand of cattle and has reaped great financial benefits from his annual auction.

## NEW LOCATION FOR WEAKLEY BAKERY

Will Erect Modern Building South of  
Western Hotel--Will Maintain  
Present Location.

## WILL HAVE NEW EQUIPMENT

Wallo Weakley, the baker, is planning to enlarge his establishment and will erect a modern building on the lot south of the Western Hotel. Mr. Weakley will do all of his baking there and will install new equipment. In this manner he will increase his output, which has been hampered by his close quarters. In the rear of the building will be a large room which will be used as a store-room and will hold several carloads of flour. Work on the building will be started at once. Mr. Weakley will use the room in which he is now located as his retail store.

## MASTER MASON DEGREE.

## MIGHT HAVE BEEN IN HOSPITAL NOW

But For Illness of New Palestine  
Bank Cashier, Three Men Would  
Have Been Shot.

## OFFICIAL HAD BEEN UNEASY

Had Premonition Attempt Would be  
Made to Burglarize Bank--Was  
Ill That Night.

Cordia Martin of Greenfield, who is well known here and who was once caught by Sheriff Clata Bebout below Milroy, after he had escaped from the Hancock county jail, has been sentenced to the penitentiary for a term of from ten to twenty years; Vance Deery, an alleged accomplice, confessed and implicated Martin and he will also have to serve a prison term of from one to fourteen years; Dan Williams, another alleged accomplice, will probably be released as no charge can be made against him, but if a story that emanated from New Palestine be true, it seems very fortunate that the three men are not holding down a berth in some hospital with small chances of recovery.

But for the illness of Henry Fralich, cashier of the New Palestine bank on the night it was burglarized of nearly \$7,000, a different story would probably have been written, as the night visitors would have been greeted with a charge of buckshot instead of black silence.

Mr. Fralich had been staying in the bank in the evenings with a loaded shot gun for company, but on this night, he was sick with the grippe and did not go back to the bank. Mr. Fralich had been uneasy as the I. & C. station there had been broken into and burglarized and in some manner an intimation had reached him that an attempt would be made on the bank. On the night of the burglary he went past the bank at 7:30 o'clock from the postoffice and everything being all right he went home to treat himself for grippe from which he was suffering.

The morning following the burglary Mr. Fralich found a broken skeleton key in the front door of the bank.

The reward of \$500 offered by the New Palestine bank officials for the arrest and conviction of the burglars will just about be due now. In addition to the \$500 the bank offered ten per cent of all money recovered.

There seems to be a small army who expect to get some of the reward. Several Greenfield officers, Indianapolis officers, and other citizens seem to have had a hand in the arrest and convictions. The general opinion is that any reward paid should be divided between all just claimants.

## WATCHPRINTING OF BALLOTS

Option Election Commissioners Spend  
Afternoon at Republican Office.

The local option election commissioners, A. L. Gary and Donald Smith, spent the afternoon at the Daily Republican office, where they watched the printing of the ballots for the coming election. The ballots were completed this afternoon and delivered into the hands of the commissioners. The commissioners announced this afternoon that the election inspectors could get their supplies at the auditor's office in the court house Saturday evening.

# A BUSINESS PROPOSITION

It has been stated that a "dry town" is not as good a town to do business in as a "wet town". That is not true of Rushville. The business men almost without exception did a better business the last two years than under the wet regime. Sixteen saloons in Rushville in 1908 are reported to have taken in approximately \$158,000. This money, we believe has since that time gone into the tills of reputable business places. Ask your clothier, grocer, shoe man, hardware or dry goods merchant if his trade was better or worse. Ask him WHAT HIS BOOKS SHOW.

We have asked a few merchants how much their

Others all reported business "much better." A number of kinds of new business have been started. There are a great many less than "sixteen" empty rooms. The "dead head" list has been largely eliminated. The bank deposits of the City of Rushville (taken from reports of three National Banks and one Trust Company) on Nov. 27th, 1908 were \$1,102,063, on Nov 10, 1910 were \$1,570,758, an increase of \$468,694, or nearly half a million dollars in two dry years. We challenge comparison of "wet" and "dry" conditions from a business standpoint.

## Feet Tired- So Tired?

TIZ Makes Sick Feet Well No Matter What Ails Them.

TIZ acts at once and makes tired, aching, swollen feet remarkably fresh and sore proof. It's the sure remedy, you know, for everything that gets the matter with your feet. It's for sore feet and for sweaty, bad-smelling feet, and for corns, calluses and bunions, too. "For years I have been troubled with sore and tender feet; suffered intense pains. Have had the assistance of physicians without relief. I bought a box of TIZ, which worked a perfect cure, as it has with a great many of my friends. I would not be without it. All it requires is to be known to be universally used," A. F. Dreutzer, Chicago. TIZ is not a powder. Powders and other foot remedies clog up the pores. TIZ draws out all poisonous exudations which bring on soreness of the feet, and is the only remedy that does. TIZ cleans out every pore and glorifies the feet—your feet. You'll never limp again or draw up your face in pain, and you'll forget about your corns, bunions and calluses. You'll feel like a new person. TIZ is for sale at all druggists, 25 cents per box, or it will be sent you direct, if you wish, from Walter Luther Dodge & Co., Chicago, Ill.

## BLOODY MASSACRE

Russian Troops Descend on Persian Village and Wipe It Out.

Teheran, Feb. 23.—Russian troops after a skirmish with brigands, attacked the village of Veramun, near Astara, although the brigands were not there, and burned houses and killed inhabitants of both sexes. The victims are officially stated to number fifty. The Russian minister has expressed regret for the occurrence to the Persian government.

## Taught Them a Lesson.

Chicago, Feb. 23.—Attorney Hyman Epstein and L. C. Gold were sentenced to fifteen months' imprisonment at Ft. Leavenworth by Judge Landis on the charge of concealing assets in bankruptcy and perjury. Government attorneys charged that shortly before Sophia Gold filed a petition in bankruptcy winding up a fur business in Chicago her brother, L. C. Gold, and Epstein tried to hide \$4,000 worth of furs.

## Bootleggers Given Warning.

Chattanooga, Tenn., Feb. 23.—Out of 200 defendants before the criminal court charged with violation of the prohibition laws by having federal licenses in their possession, fifty-two confessed judgment and were fined \$50 and costs and workhouse sentences of thirty days each. The sentences were suspended with a warning.

## Double Cause For Worry.

Indianapolis, Feb. 23.—Ferdinand L. Adams, superintendent of a local detective agency, shot and killed himself in a room at the Denison hotel. The reason for Adams's act is given by members of his family as dementia, resulting from nervous worry over domestic and business difficulties.

## House's Anti-Steel Trust Movement Not Likely to Go Far.

Washington, Feb. 23.—The naval bill as it passed the house yesterday carries all the radical anti-steel trust and eight-hour amendments injected into it Tuesday. The bill, which carries an appropriation of \$133,000,000, now goes to the senate loaded with amendments which probably will be disagreed to by that body. What will be the action of the house when the bill is returned to it minus the anti-steel trust and eight-hour amendment remains to be seen. There may be a determined fight over this proposition, which is bound to complicate the legislative situation in the closing days of the session.

## WASH THAT ITCH AWAY

It is said that there are certain springs in Europe that give relief and cure to Eczema and other skin diseases. If you knew that by washing in these waters you could be relieved from that awful itch, wouldn't you make every effort to take a trip to Europe at once? Would you not be willing to spend your last cent to find the cure?

But you need not leave home for these distant springs. Relief is right here in your own home town!

A simple wash of Oil of Wintergreen, Thymol and other ingredients as compounded only in D. D. D. Prescription will bring instant relief to that terrible burning itch, and leave the skin as smooth and healthy as that of a child.

If you have not already tried it, get at least a 25-cent bottle today. We assure you of instant relief.

## BATTLE FLAGS WAVE IN HOUSE

A Patriotic Pause In Legislative Doings.

## AN INTERESTING CEREMONY

Recently Restored Flags of Indiana Regiments in the Civil War Draped the Walls of the House While the Legislators Halted Session's Work to Honor the Memories of Washington and Lincoln.

Indianapolis, Feb. 23.—The chamber of the Indiana house of representatives was filled to overflowing yesterday afternoon with people to attend the ceremonies in celebration of the birthdays of George Washington and Abraham Lincoln, and old Indiana battleflags draped the walls of the hall. The galleries were densely packed, as was the lower floor of the house, men and women alike crowding in.

A military color was given by the presence of Colonel Henry A. Greene and about twenty other officers of the Tenth United States Infantry from Ft. Benjamin Harrison, all in their dress uniforms. Colonel Greene occupied a seat on the speaker's stand with Speaker Veneman. The Tenth regiment band furnished the music from a place in the gallery.

## Historic Incident Recalled.

The stories of many of the historic flags were told by Major D. I. McCormick of the Indiana national guard, who recalled in his address the occasion when the regimental colors were delivered by the Indiana regiments to Governor O. P. Morton, to be preserved by the state of Indiana for the eyes of succeeding generations.

Major McCormick reminded his hearers of the showing made by Indiana in the civil war, and proved by the history of battles that Indiana men took a larger part in the war than did any other state by reason of the fact that the chances of war sent the Indiana regiments to all parts of the fighting territory. Indiana regiments were in every important battle of the civil war, according to the record. The flags that were borne through the most severe fighting of history were pointed out by regimental numbers.

The restored flags attracted much attention, especially among the older people who attended the observances. There were many soldiers present, and these, in groups, picked out their particular regimental colors, and renewed memories of the trying times when the flag led the way to glory.

## Mrs. Bacon's Good Work.

The tenement house bill, which the house committee on state medicine, health and vital statistics rejected a few days ago because of its length and the lack of time this session to consider it, was brought out on the house floor and passed under suspension of the rules. The passage of the bill by the house in the face of what seemed, when it was turned over to the committee, an insurmountable lot of difficulties, is taken as a monument to the indefatigable work of Mrs. Albion Fellows Bacon of Evansville, author of the bill. The measure amends the present "housing law," which applies only to Indianapolis and Evansville, so that it will apply to all cities of the state. It also corrects certain defects which two years' operation of the present law has shown to exist.

## Good Roads Movement Pushed.

The Indiana Good Roads association through Clarence A. Kenyon, its president, has issued an open letter to the members of the legislature urging them to pass the good roads bill now pending in both houses.

The house passed one of the good roads measures, providing for the payment in cash of all road taxes above \$20; and the appointment of road supervisors by the township trustee.

The Democratic legislative apportionment bill which will be presented to the party caucus to be made a caucus measure has been presented in the house. Some changes may be made, but it is believed that if any apportionment bill is passed it will be about in the form in which this one was introduced.

Representative Bedgood's bill to require medical examination and certificate of freedom from venereal disease on the part of male applicants for license to marry within the state, has been passed in the house. The bill authorizing a referendum on municipal franchises has been advanced to engrossment in the house, together with a large number of other house and senate bills. The bill for the medical examination of school children has been passed. The house adopted a resolution calling on the next congress to elect U. S. Jackson sergeant-at-arms.

The senate bunched thirty unimportant house bills and passed them on one roll call.

## A Straw in Michigan.

Lansing, Mich., Feb. 23.—The Michigan legislature was polled for its choice for a presidential candidate. Out of the 105 Republicans, the poll shows that 90 are for Taft, six for Governor Osborn, four for LaFollette, four for Roosevelt and one for Beveridge. Eight of the nine Democrats in the legislature voted for Harmon, the other one for Champ Clark.

Remember that land suitable for successful growing of corn is limited. You will not find it in the Northwest or in the mountain country west; and the south land will never be a corn country in a commercial way. Our lands are also suitable for all the small grains, an excellent fruit country and the Stockman's Paradise, for no where in these United States will you find conditions so favorable for the growing of good stock. We make a specialty of farm lands and have a large number of good farms located close to good towns and markets, where you have plenty of good northern farmers for neighbors, free schools, telephones, R. Money is getting short for raising the Maine, and we may decide to leave the bones of our brave boys on Cuba's front door step a few years longer.

Gov. Wilson of New Jersey says audacity is needed in our politics, but most of our statesmen are more attached to the hitching post and the tie-rope.

Champ Clark says he is not running away from the presidential nomination. This is a cheering assurance that at least one man will be willing to take this unpopular job.

Good for the forest reserve bill just passed by the Senate. The people to whom God's majestic forest monarchs mean no more than tree stumps and bonfire heaps, are beaten after a ten years' fight.

People who like big fairs may now begin to save up for the Panama Canal show in San Francisco in 1915, or whenever it is to be. The time is some distance ahead, but the trip will cost a good deal. Incidentally, there will be a choice of going overland or by way of the canal.

## What We Do Not Know.

When the "Bulls" in the cow trust will change their methods so that butter will cease to be a delicacy.

The telephone company in a small Blackford county town has figured it out that every death or birth in its community results in an average of 300 calls. They haven't explained how many calls are made when a rich piece of gossip becomes current.

The old-fashioned minister who used to roast the young folks for sitting on the back row of seats and giggling—what has become of him?

We have often wondered "What is a house guest?"

A "personal-experience" meeting ought to interest a lot of people. It's other people's business, y' know.

"Buttermilk," explains an exchange, "is the best possible thing to clean oilcloth." Happy thought for the day.

Although the announcement that a ball club is to be organized is a fairly good harbinger, the first dandelion green is better.

Our idea of nothing to get excited about is that the State Senate has passed a resolution, instructing Indiana congressmen to use influence for a special session of that body to investigate the high cost of living. Anybody here ever see it?

## HORSE NOTES

(Western Horseman.)

Clell Maple of Rushville, Ind., writes that the book of Dale Axworthy is being rapidly filled for the coming season. Mr. Maple is prepared to take good care of mares shipped to Rushville before foaling time.

Star Peter, 2:19 1/4, has been placed in the hands of Harrie Jones at Rushville, Ind., who, after keeping him a very short time in the stud, will prepare him for the great racing season of 1911. He is by Peter, the Great, 2:07 1/4, dam Star Lily, 2:20, by President Garfield, and last year showed ability to trot close to 2:10. Harrie intends to race him through the Grand Circuit.

Gilbert Austen living north east of this city recently purchased the fast green pacing mare which went by the name of Fannie Brooks when Horrie Brooks broke her as a three-year-old. Austin bought her from Chas. Brooks, a brother to Horrie, county recorder-elect.

The life maye somewhat resembles her "sire" New Richmond—2:07 1/4, as she has the color and gait. And if there is something in breeding she should learn the game, as she is bred right. She is sired by New Richmond 2:07 1/2, he by Brown Hal 2:12 1/4.

Her first dam is by Czar 2:15 1/4 she being the dam of Lady J. 2:17 1/4 who has been timed in a race in 2:09. Second dam by Tom Hal and third by Blue Bull.

The mare is coming five-years-old, stands an inch over 15 hands, and weighs 910 pounds.

She also has close relation that has done well, such as Cassie Richmond 2:11 1/4, Lady Richmond 2:12 1/4 and Martin Kelley the horse that Clyde Nebro campaigned the past season.

CHINESE WALL AROUND  
RALEIGH IS BROKEN.

The good people of Raleigh and vicinity, who are patrons of the Raleigh Telephone Company need never worry about the pesky newspaper reporter or the impudent insurance agent or book seller; they are safely guarded under the protecting wing of a telephone operator in the exchange in that town. She is omnipotent. She is the lord of high decisions. She is the supreme court of the land to which all appeals must be taken. In the same relation as is the United States Supreme court to its subjects, so is she to the residents of the Raleigh neighborhood.

One day recently, a Daily Republican reporter called Raleigh by telephone and asked the operator a question. To that question she replied she did not know.

"Well, will you give me that man's house?" was asked of her.

"I think they would rather not be bothered with reporters," she vouchsafed.

"But I wish to talk to him and I guess that is not for you to decide."

"But I will not ring them."

"I demand that you ring them at once."

"It will cost you ten cents to talk to them," this spitefully.

"Charge the bill to this paper," and the Chinese wall was broken with a push of the button.

## IS FOUND TO BE INSANE

John Linville of Muncie Will be Returned to Richmond.

John Linville, formerly of near Arlington and a brother of Adrian Linville, a real estate man of Gwynneville, who was picked up by the police in Muncie a few days ago, when he was apparently insane, has been adjudged insane by a lunacy commission, composed of two physicians and a justice of the peace in that city. Application has been made for his entrance into East Haven asylum at Richmond, where he was held until four years ago, when he made good his escape. Since that time he has been in good health, and, it is understood, has acquired considerable property. At the time he was taken by the police, Linville imagined that he was king over a vast domain and that all the people on the streets were his subjects.

The Wednesday afternoon Sewing club met yesterday with Miss Hazel Lytle in East Sixth street. Dainty refreshments were served and a most enjoyable time was had.

The Friday evening Shakespeare club will meet Saturday evening instead of the regular time. They will meet with Miss Kathryn Petry in North Sexton street.

Incident to the celebration of Washington's birthday, the colonial party, given at the home of Mr. and Mrs. Ralph Payne in North Harrison street last evening by the local chapter of the Daughters of the American Revolution was a most unique affair. About one hundred and fifty guests enjoyed the evening immensely, each member of the chapter being entitled to one guest.

A program of considerable length was carried out. Eight children, four boys and four girls, artistically dressed in the rich colonial costumes danced the old-fashioned minuet, the dance which was the fashionable one in the Washingtonian days. The children were trained by Mrs. A. P. Walker and Ruby Amos played the accompaniment.

Mrs. M. R. McDaniel sang "The Star Spangled Banner," in splendid voice. Miss Norma Smith gave two monologues and Miss Florence Frazer played two instrumental numbers on the piano.

Very delicious refreshments were served in the dining room. The Misses Cora and Nelle Winship and Helen Campbell served, each dressed in the quaint costumes of the colonial days.

Little decorations were needed in the spacious and beautiful Payne home, which is finished throughout the interior with colonial furniture. The rich mahogany woodwork and all of the furnishings of the home were very appropriate for the occasion. Only flags and plants were used in setting off the natural surroundings.

Many guests from out of the city were present, including Mrs. W. J. Henley, and several Connersville women, all of whom were original members of the local chapter of the Daughters of the American Revolution.

## AMUSEMENTS

The Star Grand will present two Thanhouser pictures tonight. The first is entitled "Prompt Payment," which is a comedy with a big laugh in every foot. The second picture, entitled "Stealing a Ride" is a pretty little story of a pair of lost children, a sort of "Babes-in-the-woods" modernized. The youngsters who go astray are two as lovable children as ever appeared in the pictures, and the patrons' hearts will go right out to them. Clarence T. Eward will sing "Airy Fairy Castle Land."

The Palace theater will show a Selig film tonight entitled, "The Robust Patient." It is a comedy of the richest sort, depicting a story of unusual mirth and one that is conceded to have more laughable situations than any picture seen here recently. Earl Robertson will sing the illustrated song, "The Moon Makes Me Lonesome."

The Vaudet will have an Italia film for the first picture tonight. It shows two subjects. The first is "A Mother's Shadow" and the second, "Thieves, Quick Change Artists." The second picture will be a Powers,

"His Lordship." This one is a heavy drama and is well acted, no details being omitted. A new illustrated song will be sung.

Blanche Walsh will appear at English's opera house in a limited engagement of "The Other Woman" for two nights and a matinee, beginning Friday, February 24. Acknowledged to be the leading emotional actress of this country, Miss Walsh has in "The Other Woman" one of the strongest roles of her wonderful career. The play is the work of Frederick Arnold Kummer, the well known magazine writer. Aside from the fine quality of art shown, moreover, there is a plot impregnated with deep heart interest—the kind that holds the attention unflagging and arouses the emotions to the exclusion of all other thoughts for the time being. Miss Walsh has surrounded herself with artists of established metropolitan reputations. Among these are George W. Howard, for several seasons leading man for Mary Mannering and Ethel Barrymore, Anna Cleveland, previously chief support for George Fawcett, Nellie Butler, formerly with Walker Whiteside in "The Melting Pot, Zora Lawrence and other prominent players.

## Women's Secrets

There is one man in the United States who has perhaps heard more women's secrets than any other man or woman in the country. These secrets are not secrets of guilt or shame, but the secrets of suffering, and they have been confided to Dr. R. V. Pierce in the hope and expectation of advice and help. That few of these women have been disappointed in their expectations is proved by the fact that ninety-eight per cent. of all women treated by Dr. Pierce have been absolutely and altogether cured. Such a record would be remarkable if the cases treated were numbered by hundreds only. But when that record applies to the treatment of more than half-a-million women, in a practice of over 40 years, it is phenomenal, and entitles Dr. Pierce to the gratitude accorded him by women, as the first of specialists in the treatment of women's diseases.

Every sick woman may consult Dr. Pierce, by letter, absolutely without charge. All replies are mailed, sealed in perfectly plain envelopes, without any printing or advertising whatever, upon them. ## WILLIAM LORIMER

Illinois Senator Whose Plea  
Profoundly Affected Senate.

## MR. LORIMER IN SELF DEFENSE

Senate Impressed By Remarkable  
Personal Appeal.

## MANY WERE MOVED TO TEARS

Senator From Illinois, Answering the Charge That His High Seat Is Tainted, Reviewed His Rise From Abject Poverty to Present Exalted Station, Pointing Out the Firm Friendships Which Resulted in His Election.

Washington, Feb. 23.—In his defense William Lorimer of Illinois arose in the senate and delivered a notable speech. The accused senator reviewed his entire life from his humble beginning as a bootblack and newsboy on the streets of Chicago, to his election finally to a seat in the United States senate.

In telling his story Lorimer disclosed the secret of his career and the methods by which he has built up his

powerful political organization in the city of Chicago. It was the story of the rise of a political boss, told with details that impressed every senator. According to Lorimer, kindness to others was the foundation on which his political power was built. The most of this story Senator Lorimer told by way of explaining why fifty-three Democratic votes were cast for him for United States senator by the Illinois legislature. He declared that thirty-four of these votes came to him purely on the ground of friendship, and that these thirty-four influenced the remaining nineteen Democrats to support him. With uplifted hand he denied upon his word of honor as a man and a senator that he had ever resorted to bribery in any election, or had ever had any knowledge of the use of money in corrupt practices.

## Told About His Election.

The Illinois senator did not attempt to answer the evidence presented in the case. He said merely that he did not know of any bribery, and then devoted himself to telling all that he did know about his election, and why the Democrats had voted for him. Senator Lorimer was particularly severe on Senator Root and repeatedly in his address turned to him and pointed personal questions. One such incident came with the story of "Manny" Abraham, a Democrat in the Illinois legislature who voted for Lorimer and who had been characterized by Senator Root as the bell-wether of the Democratic flock in the Illinois legislature.

The senator from Illinois recounted the story of his friendship for "Manny" Abrahams. In human interest it paralleled some of the best that come from the east side of New York. The senator was at one time a horse car conductor in the west Chicago district. Jews were unpopular in that locality. Many of them were pack peddlers. Many streetcar conductors would refuse to carry them with their packs. And he had seen conductors on horse cars kick them from the car platform into the street.

## Won Enduring Gratitude.

Senator Lorimer told, however, how he invariably allowed them to ride on his car, until he came to be known among them as the conductor who would carry them, and they would sit by the track and wait for his car to come along. A little later Mr. Lorimer came to live in this very district where the Jewish peddlers were. He immediately had their firm friendship, and when he learned that they were driven from the polls on election day, with bricks if necessary, he fought for them and obtained for them the privilege of voting in the west side.

"When I visit this district now," said Senator Lorimer, "I am not introduced by these people as Mr. Lorimer or as Congressman Lorimer, or as Senator Lorimer. I am taken from one to the other and presented as 'The Father'."

Turning to Senator Root again, Sen-

ator Lorimer asked: "Does the senator from New York know what that means, when people come to believe in you and trust you and almost revere you, and come to the point of introducing you as 'The Father'?"

## Not a Question of Sympathy.

"I am not the only poor boy who has come to the senate," declared Mr. Lorimer, with deep feeling, "and I am not pleading poverty or the hard knocks I received as a reason for sitting here. Neither am I pleading for sympathy. I am telling the truth and why men voted for me. It is not a question of sympathy, but a question of right or wrong."

"If senators believe me to be the low and vile creature the senators from New York and South Dakota say I am, then you have a plain duty staring you square in the face." The senate was startled at this statement, but not so much so as by the one which followed as Senator Lorimer again advanced toward Senators Root and Crawford and fairly shouted: "If I could be the foul wretch you senators sought to paint me, regardless of how I came here, you should drive me from yonder door with the brand of infamy on my back."

Senator Lorimer's speech made a deep impression on the senate and the opinion seemed to prevail at the conclusion that he had done much toward saving his seat in that body. It was not so much the subject matter of Lorimer's speech as the sincerity with which it was delivered that impressed the senate. At times while he was speaking several senators were in tears.

The scene in the senate chamber during the speech was dramatic. Every chair on the floor was occupied and nearly all the remaining space was taken by members of the house of representatives. The galleries were crowded. Mrs. Taft, the president's wife, and her son Robert were in the senators' gallery during part of the address. The diplomatic gallery also was filled and hundreds who were unable to gain admission crowded the senate corridors.

Mr. Lorimer's speech lasted almost four hours. At its conclusion he was congratulated by several senators who are supporting him.

The senate then went into executive session to consider the Japanese treaty and held a prolonged session. Senator Beveridge gave notice that he would continue his speech in opposition to Lorimer. There will be other speeches on the subject, which may delay the vote.

**Advice Concerning Stomach Troubles and How to Remedy Them.**

Do not neglect indigestion which leads to all sorts of ills and complications. An eminent doctor once said that ninety-five per cent. of all the ills of the human body have their origin in a disordered stomach.

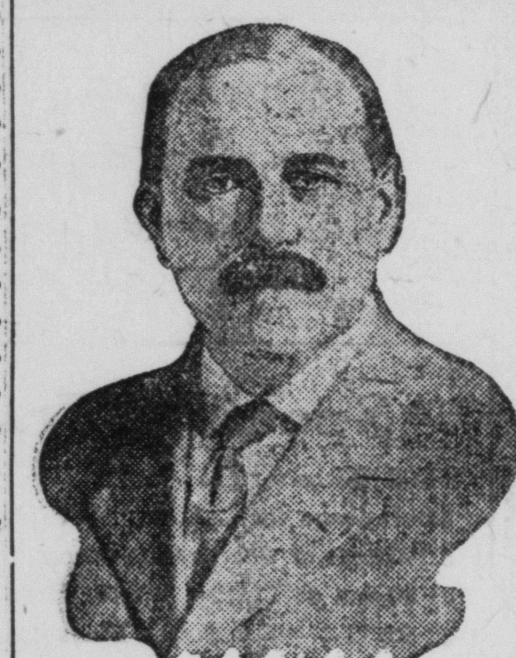

A physician who made a specialty of stomach troubles, particularly dyspepsia, after years of study perfected the formula from which Rexall Dyspepsia Tablets made.

Our experience with Rexall Dyspepsia Tablets leads us to believe that to be the greatest remedy known for the relief of acute indigestion and chronic dyspepsia. Their ingredients are soothing and healing to the inflamed membranes of the stomach. They are rich in pepsin, one of the greatest digestive aids known to medicine. The relief they afford is almost immediate. Their use with persistency and regularity for a short time brings about a cessation of the pains caused by stomach disorders.

Rexall Dyspepsia Tablets will insure healthy appetite, aid digestion and promote nutrition. As evidence of our sincere faith in Rexall Dyspepsia Tablets, we ask you try them at our risk. If they do not give you entire satisfaction, we will return you the money you paid us for them, without question or formality. They come in three sizes, price 25 cents, 50 cents and \$1.00. Remember you can obtain them only at our store.—The Rexall Store, Thos. W. Lytle.

**Annexation Bogle Has Started Things Up There.**

Ottawa, Feb. 23.—For four hours last evening the annexation bogle kept the house of commons in an uproar. The anti-reciprocity members of the opposition under the leadership of Mr. Monk brought the despised word "annexation" to the fore by means of a resolution amending the resolution now under consideration. Mr. Monk's address was as follows: "But before resuming the discussion of the terms of the agreement concluded between the government of Canada and the president of the United States, and with a view to dispelling the feeling of unrest created in Canada by comments made in both countries as to the political consequences of the agreement, the house wishes to affirm

Mr. Fielding, the minister, characterized Mr. Monk's amendment as "a sideshow motion," and said that every member of the house was entirely free to vote for or against the reciprocity agreement. In response to repeated demands from the Conservatives that the reciprocity agreement be submitted to the people, the minister of finance said he did not know how many months or years would elapse before the next general election, when the people would have an opportunity to express their judgment on the subject. The feeling is undoubtedly growing here that the government will go to the country on this subject in the not far distant future.

Chicago, Feb. 23.—Colonel Roosevelt, introduced as "our country's foremost citizen," stepped before an immense crowd in the Auditorium theater yesterday and received one of the greatest receptions of his career, after which, under the auspices of the Union League club, he spoke on "Nationalism and Democracy." The forming of regular habits is most important, and while endeavoring to form them the assistance of Syrup of Figs and Elixir of Senna is most valuable, as it is the only laxative which acts without disturbing the natural functions and without debilitating and it is the one laxative which leaves the internal organs in a naturally healthy condition, thereby really aiding one in that way. To get its beneficial effects, buy the genuine manufactured by the California Fig Syrup Co. only, and for sale by all leading druggists. Syrup of Figs and Elixir of Senna is never classed by the well-informed with medicines which make extravagant and unfounded claims to cure habitual constipation without personal co-operation.

Representative Parsons Accuses Czar of a Breach of Faith.

Washington, Feb. 23.—The persecution of the Jews by Russia was made the subject of a speech in the house by Representative Parsons. He insisted that the United States should no longer tolerate the discrimination imposed by Russia on Americans of the Jewish faith.

"The Jew," he said, "has reached a high plane of citizenship in the United States. He is in the senate and he is in the house, and he is one of our best citizens. We should protect him to the utmost wherever our influence extends." Mr. Parsons spoke in favor of the abrogation of the St. Petersburg treaty of 1832, on the grounds that Russia, in violation of the treaty, continued to discriminate against Americans of the Jewish faith.

**HOW OLD PEOPLE May Prolong Their Lives.**

At an advanced age waste is more rapid than repair. The organs act more slowly and less effectually than in youth. The circulation is poor—the blood thin and watery—the appetite poor and digestion weak.

We want to say to every aged person in this vicinity that Vinol, our delicious cod liver and iron tonic (without oil) will prolong life. It creates an appetite, aids digestion and makes good blood. In this natural manner Vinol retards waste and replaces weakness with strength, giving new life to the worn system.

If people in this vicinity only realized how Vinol invigorates old people we would not be able to supply the demand.

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you. F. B. Johnson & Co., Druggists, Rushville, Ind.

**TOBACCO GROWERS ANXIOUS TO KNOW**

**To Cut Out or Not to Cut Out Is the Question.**

Lexington, Ky., Feb. 23.—To force action by the Burley Tobacco Society either for or against a "cut-out" of the 1911 crop of white burley tobacco, as ordered by the convention of the Burley Tobacco Union here, petitions have been started by members of former pools conducted by the Burley Tobacco Society, demanding that the elder body make known its stand on the 1911 proposition immediately. Thus far officials of the society have declined to declare either for or against the elimination of this year's crop. The pledges which the union has been circulating among the growers provide that the "cut-out" shall not be binding unless the plan is endorsed by the society, and its campaign consequently has been harassed by the attitude of the elder organization.

Heirs to Anna M. Andrews Estate  
Bring Suit For \$18,000 Against  
William P. Henley.

### LEFT ESTATE TO EARLHAM

A suit for \$18,000 has been brought against the executor of the will of Robert Andrews by Benjamin Andrews and others, according to a Greenfield dispatch, who allege they were the heirs of Anna M. Andrews, mother of Robert Andrews, and that the latter was appointed administrator of his mother's estate, and as such appropriated to his own use \$18,000 that rightfully belonged to the plaintiffs; that when suit was threatened Andrews agreed to return the money with interest in his will, and that he failed to do so.

Robert Andrews died two years ago, a bachelor, leaving nearly all his large estate to Earlham college and the Indiana Yearly Meeting of Friends. William P. Henley of Carthage is the executor.

## WILL MARRY TO PLEASE HUSBAND

Mrs. John Blackman of Morristown.  
Consents to Second Wedding  
After Seven Long Years.

### FIRST MARRIED BY A PRIEST

Morristown society is to be treated to a wedding ceremony this evening that is somewhat out of the ordinary as the couple who will be the principals in the ceremony have been married seven years, says the Shelbyville News. They are Mr. and Mrs. John Blackman and the ceremony will be performed by Rev. G. B. Walls, a Protestant minister. It will be witnessed by more than one hundred friends of the couple. Seven years ago tonight they were married at Toledo, Ohio, by a Catholic priest. Mrs. Blackman was a Catholic and Mr. Blackman, a Protestant, and they retain their separate religious beliefs to this day and likewise their love for each other.

Mr. Blackman was never satisfied with the ceremony by which he and his bride were united and he yielded to it only through his love for the comely maiden. Time and again they have talked the situation over between themselves and so that Mr. Blackman could have the peace of mind he craves, Mrs. Blackman finally gave her consent to the Protestant ceremony proposed for this evening and the arrangements have been made as though it were the one and only matrimonial ceremony of their lives. Mr. Blackman will be called upon to pay a second ceremonial fee but he will reduce the incidental expenses by using the original license. The couple came to Morristown about one year ago and they have many friends in that place.

## MAY CHARGE TEN CENTS A GLIMPSE

Elmer Caldwell Might Profit by Fact  
That Commoner Rode in His  
Auto While Here.

### BRYAN'S OLD HAT STILL HERE

Elmer Caldwell has been joked with considerable of late concerning an incident, happening last fall, when he hauled William Jennings Bryan in his touring car. The Regal company, the car for which Mr. Caldwell is local agent, has heard of the incident, and has addressed several letters to him, one which reads like this: Down in Rushville, Ind., Elmer Caldwell, a citizen of considerable local prominence, owns a Regal car. Elmer, on a number of occasions, has enjoyed the pleasure of having ride with him men of national reputation in various lines. His latest passenger of note was William Jennings Bryan. In telling about the incident, Mr. Caldwell said:

"While in this city, Bryan, who by the way, blew in wearing a straw hat, decided he would get a new one. He accordingly went to a local hat store after his lecture and there bought a new hat, and left his old one at the store. It is said that the proprietors of the store are going to place the hat on exhibition and charge ten cents to persons who want to try it on. The hat was a large size, being 7 1/4, and that size hat would cover up most people. Now, I had the pleasure of hauling Bryan in my Regal, so if that hat store charges to see his hat, I am going to mark out the place in the back seat where Bryan sat and charge ten cents a head for all who wish to take a look and sit in the same place."
